

Mission Statement

MASBO is committed to advancing the knowledge and abilities of school business professionals and providing a voice and forum for the profession.

Vision (What We Intend to Create)

- Active membership participation and service is the norm
- Leader and innovator in school business operations and professional development
- Continuous improvement; professionally and individually
- Flexible delivery structures to accommodate member needs and partnership opportunities
- Effective board of directors with high commitment, clear expectations and attractive to members to serve
- High effective and efficient use of resources

Strategic Directions (Our Focus of Resources)

- Robust membership that values and provides service in MASBO
- Excellence in content, depth and delivery to address professional development needs
- Network of members to support each other in their professional roles
- Easily accessible professional development
- Respect and capacity to challenge and inform those outside of MASBO
- Market recognition of MASBO's expertise and increasing collaboration
